Bilateral Meetings

- Thursday 12:00-15:00

Description

Travel Agency KIM travel Mostar, is a newly established travel agency, but with a long knowledge in this field, starting as a guide in Mostar and a tour operator for outgoing and incoming Putnik and YTC. My aim is to present the beauties of my country Bosnia and Herzegovina, its rich history and tangible heritage from prehistory up to today, from different landscapes, created by the Mediterranean and Continental climate and soil, the blue Adriatic sea, wild rivers Neretva, Una and others, green forests, high mountains, and their snow covered peaks, traditions and customs, the unique cuisine, good wine and above all the hospitality and warmth of my people. My aim is to create for my guests their own and unforgettable journey vacation or adventure, fitting their wishes and needs by visiting cultural historical monuments, or walking, hiking or rafting excursions on land and in water. They will spend a peaceful night in homes or hotels of their choice. I don't want them to lose precious time with walking around on 40C, looking for streets and buildings that are different to see or to read, to tell them stories of life, legends of love and death, they have not heard or are not written down. Further we offer medical tourism - dentistry as one of the pioneers in Bosnia and Herzegovina, as well as hunting and preserving tourism.
