- Thursday 12:00-15:00

Description

We are a business consultant company that supports leaders in the digital and analogue transformation phase. You hire SEEBA to start, develop or grow your business or project. Whether you come from the private or public sector, we will support you during your magnificent journey. SEEBA offers a holistic and comprehensive model, unique to its industry, which contains special skills, resources and tools, developed by our competent and forward-thinking expert team. Our senior partners have experience from a broad range of projects and activities in both the public and private sector, in different regions, cultures, countries and languages.
